A RICH HERITAGE

The rich past of the building

STEEPED IN HISTORY

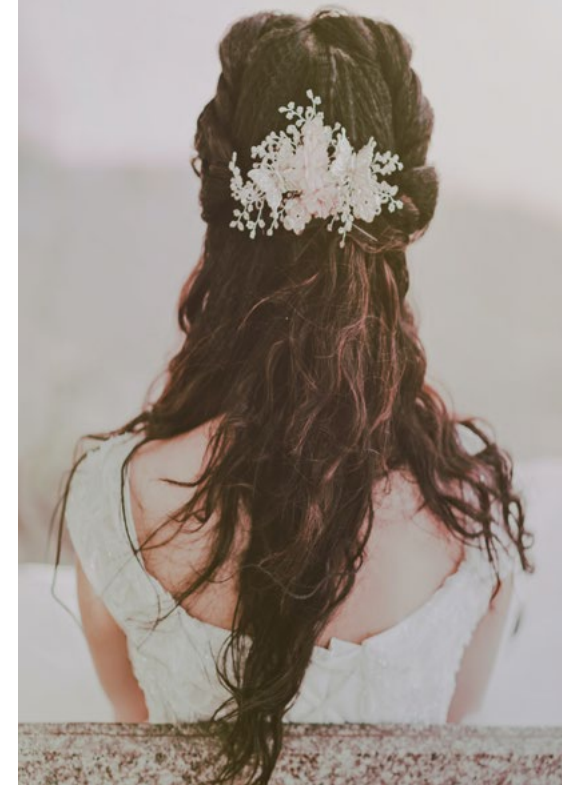

The building now housing the La Linière restaurant has lived several lives since it was founded in 1695 as a convent of the Order of the Recollectines.

Extended in the 18th century with the addition of a garden and a cloister, the property then changed hands following the French Revolution.

In 1828, it hosted a flax mill, later under the name of the Société linière de Saint-Léonard. Despite a fire in 1914, the activity continued until the 1930s.

If the spinning activity has now ceased, the legacy of “La Linière” remains, including our magnificent vaulted room and our terrace overlooking the garden. Without forgetting our restaurant name, chosen to honor our industrial past!

La Linière also welcomes you for all your celebrations, family dinners or other occasions.

ATTENTIVE TO EVERY NEED

We wholeheartedly welcome everyone wishing to celebrate and make a commitment to their loved one. Mercure Liege City Centre is a much-adored choice for civil ceremonies, civil partnerships and blessings - religious and non-religious.
